EDUCATION

Btech2021 - 2024

Asian International University, Manipur

- Gained hands-on experience with React.js for building dynamic, reusable UI components and enhancing user experience.
- Learned the principles of web design and user experience (UX/UI) to create visually appealing and user-friendly interfaces.
- Developed expertise in HTML, CSS, and JavaScript, enabling the creation of interactive and responsive web applications.

EMPLOYMENT

Fresher

Enthusiastic and detail-oriented front-end developer with a solid foundation in HTML, CSS, JavaScript, and modern frameworks like React. Proven ability to develop responsive and user-centric web applications. Committed to staying updated with the latest industry trends and best practices to deliver high-quality, visually appealing, and performance-optimized web solutions. Eager to apply technical skills and innovative solutions in a collaborative team environment at a forward-thinking company.

Skills and Expertise:

- Proficiency in HTML, CSS, and JavaScript for developing interactive and responsive web interfaces.
- Experience with React.js for building dynamic, component-based user interfaces.
- Knowledge of front-end build tools and version control systems like Git.
- Understanding of web design principles, UX/UI best practices, and cross-browser compatibility.
- Ability to write clean, maintainable, and well-documented code.
- Familiarity with RESTful APIs and integration with back-end services.
- Strong problem-solving skills and attention to detail.

Projects:

- E-commerce Website:** Developed a fully functional e-commerce website using React.js, showcasing products, a shopping cart, and a checkout process. Implemented responsive design principles to ensure a seamless user experience across devices.
- Portfolio Website:** Created a personal portfolio website to showcase projects, skills, and professional achievements. Utilized HTML, CSS, and JavaScript to design an aesthetically pleasing and user-friendly interface.
- Task Management App:** Built a task management application with features like task creation, editing, and deletion. Incorporated responsive design and state management using React.

Professional Goals:

- Continuously enhance technical skills and stay updated with the latest front-end development trends.
- Contribute to creating innovative and user-friendly web applications that drive engagement and achieve business objectives.
- Collaborate with cross-functional teams to deliver high-quality web solutions.
